**Results:** The exact standings (ranking) will be made after each tournament. The winner of the whole U11 Series will be the one with the lowest amount of points after all three tournaments..

In case of receiving the same amount of points after the last tournament, mutual head to head score will determine the final standings of these particular players. (This standing will be determined by comparing 1. head to head matches, 2. head to head games, 3. head to head rallies). If the players are still equal in the before mentioned criteria, the final standings shall be determined by a „draw“.

The player who participated in more tournaments of the Series will be ranked higher than the player who played just one or two of them in case one or more players have received the same total amount of points.

If a player doesn't participate in one of the tournaments, his position and amount of points shall be equal to an amount as if being the last player of the particular tournament.

If more players are missing, they will all receive the same amount of points as if finishing the last in the particular tournament.

Standings after each tournament of the Series will be published at the organiser's website [www.badmintonckrumlov.cz](http://www.badmintonckrumlov.cz) and also at the website of Southbohemian Badminton Association [www.jcbas.cz](http://www.jcbas.cz)
